

# Natural Gas Pipeline New Mexico GAS COMPANY<sup>®</sup> AN EMERA COMPANY

September 2018 | nmgco.com

## Fast, Easy and Free. Go Paperless Today!

Life is easier when you don't have clutter. Welcome to paperless billing. Save paper and go electronic. You will still receive your bill in PDF format and will have access to your account details the same as you would on a paper bill.

Saving paper will help save on paper waste. You can easily enroll for paperless billing by visiting

our website at [https://www.nmgco.com/en/about\\_your\\_bills](https://www.nmgco.com/en/about_your_bills). Or, by calling us at 1-888-NM-GAS-CO (1-888-664-2726).

## This coming winter, help HEAT New Mexico

Believe it or not, cold weather will be here before you know it. When it gets cold, New Mexico Gas Company's HEAT New Mexico Fund will be available to help our qualifying customers pay their heating bills. This fund comes from donations by employees and customers to help those in need. For each dollar donated, NMGC will contribute \$1.50 up to \$150,000 this heating season.

Making your tax-deductible donation is easy. Simply make a notation on the payment stub of your NMGC bill, or call us at 1-888-NM-GAS-CO (1-888-664-2726) to pledge a donation.

# Have your appliance connectors inspected

Interior gas piping connectors to your natural gas appliances need to be inspected regularly, and replaced as needed. Certain kinds of flexible connectors manufactured between 1970 and 1980 may fail over time and need to be replaced. For your safety, do not attempt to check the connectors yourself. Moving an appliance to check the gas connector may cause the connector to break potentially resulting in a gas leak or fire. Instead, have a qualified professional plumber, HVAC technician or appliance repair contractor inspect the connectors and replace if needed.

## THE COST OF GAS

As a regulated utility, New Mexico Gas Company does not make a profit on the natural gas we purchase on behalf of our customers but passes the cost of natural gas from suppliers directly on to you. August's cost of gas is \$0.1907/therm. The September cost of gas can be found as a line item on your bill beginning September 1st. Last September's cost of gas was \$0.3590/therm. The estimated average home gas use for September is 17 therms and the estimated average residential gas bill for September is \$24.

**We do not make a profit on the natural gas we purchase on behalf of our customers.**
